Dear Sir:

You have been recommended to me as a pitcher, by some one whose opinion I highly respect, and I want to know if you would care to go to Training Camp with my Baseball Club (The Newark Eagles Baseball Club), to try for a berth on the pitching staff.

If you care to go to Camp with us, I pay all Training Camp expenses, such as board, room and laundering, transportation to Camp, and if there is any reasonable dissatisfaction, I will send you back home. If you make good, we will discuss salary after we see what you can do.

I shall highly appreciate an early reply from you.

Yours very truly,
